

WATERPROOF JACKET

WJ215

PRODUCT DESCRIPTION

This 3-in-1 compatible jacket is designed for use in demanding work environments, offering dependable protection, durability, and comfort. A shaped high collar provides added neck coverage, while the sleeve design supports ease of movement. Contrast shoulder panels include a radio or utility loop, and the chest area is suitable for company branding.

Storage includes an internal chest pocket and two zipped hip pockets, all accessible when wearing gloves. Additional features include adjustable stud cuffs, a detachable hood, concealed hem adjusters, and a durable front zip.

Reflective detailing improves wearer visibility, and the jacket meets recognised safety performance standards.

MEASURING GUIDE

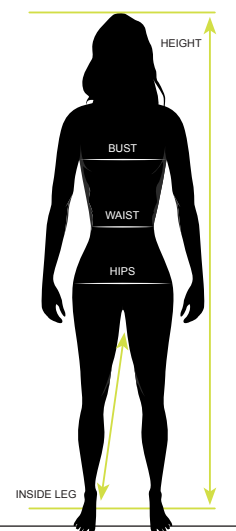

Measurements must be taken wearing clothing usually worn underneath waterproof outerwear. The tape measure should be fairly loose and not pulled too tight:

- ✓ **BUST** - measure under the arms at the fullest part around the bust horizontally with arms by your side.
- ✓ **WAIST** - measure around the natural waistline at the fullest part.
- ✓ **HEIGHT** - with bare feet together measure from the top of the head to the floor.

Compare your measurements with the size charts in the fit guide to determine the right jacket for you.

**These styles are historically perceived as FEMALE but can be worn by any person who's body measurements fit into the above tables.*

***Please note when using the measurement tables that all manufacturing tolerances and standard garment over-measures have been taken into account. This ensures any slight variances in manufacture or fabric shrinkage after washing will not affect the fit of the garments.*
